

INTEGRATING RISK INTO DECISION MAKING AND STRATEGIC PLANNING

According to the 2021 Global State of Enterprise Risk Oversight Research done by NC State University (October 2021),

Opportunities exist for most Organisations to strengthen their Integration of Risk Insights into Strategic Decision-Making

An Organisation's Overall Culture may be limiting progress towards more value - added Risk Management

- A number of potential barriers within Organisations that may limit progress towards enhancing Risk Management Processes.
- Fewer than one-third of Organisations have provided formal training and guidance on Risk Management.
